***** SPECIAL SHOW ISSUE *****

What an ending to our season! I don't have to say much in this issue, as a lot has already been said in the newspaper, the Motorsports America website (and November issue) and the many people who attended are still talking about a great show! Our thanks go to the members who made this possible, but especially to Danny Davis, our Show Chairman this year. Challenged to make a change in our normal Show, Danny and his committee pulled out all the stops...different venue, live music, lower admission, professional judging, and perfect weather. We had about 120 paid entries, and over 150 in total attendance. We'll never know which change made the most difference, but it doesn't matter. It worked well. Thanks to Danny and his committee! Nick

Nick Ware presents a Certificate of Appreciation to Danny Davis, 2010 Car Show Chairman

A special thanks also goes to the City of Villa Rica, Jeff Reese, Deputy City Manager, and Kimberly Stovall, Main Street Manager for providing the great venue and live music at The Mill amphitheater! It was great!

2010 Car Show, "The Mill", Villa Rica!!!
