Villa Rica, GA 30180

### **President's Corner**

I hope everyone is doing well and no one is under the weather. If you are, please let us know so we can keep you in our prayers.

Having our last cruise-in on the 2<sup>nd</sup> Saturday in July could have been a blessing for us! As it turned out, our usual 3<sup>rd</sup> Saturday turned out to have bad weather all day, and our cruise-in may not have happened!

Ok members, we have 2 cruise-ins left and then it's time for our October super cruise-in. We need everyone's help to make it a great event as always! We will talk more about this at the meeting. Our next meeting will be August 6 at the Olive Tree with dinner at 6:00 o'clock and the meeting to start at 7:00 o'clock. We have no guest speaker this month.

At our last cruise the man with the pretty blue Nova that was parked in front of our table wanted to know how he & his wife could join this car club. They liked what we did to help the kids. I told them what to do and gave them an application to fill out and bring to the meeting. After the cruise-in had ended they were among the last few people remaining. Several of our members looked over the car again, gave our compliments to the owner, and let them know we appreciated them coming, and that they could stay as long as they liked but we were going home! Their comment was that they hoped the Nova would crank since they were having some carburetor issues on the way over! We encouraged

them to see if it would start while they had some help with our remaining members. Before you knew it there was a small crowd of GCC members around the Nova, along with the owner. With a little prodding it fired right up. This is the GCC Car Club doing what they do best... helping others! I am proud of this club and who knows, that small act may solidify their decision to fill in that application and turn it in! Thank you members for being you.

I hope to see a lot of our members at the meeting! Come and support your car club, and come support Mike at the Olive Tree. *Danny Davis*

### **Vice President's Report**

We held our Cruise-In on July 13<sup>th</sup>. Our date was scheduled a week earlier in July than usual due to a separate local event being held in the Villa Rica amphitheater. There was impact in our normal participation based on the date change but overall, it was a good Cruise-In. This was our first opportunity to share the new wall mural and bench the City of

Villa Rica painted and installed for the club. It is located on the exterior of the brick wall facing the parking lot where we host our Cruise-Ins. Several

of our members were caught “driving” that old ’55. Dave Kopp, with his arm draped over the seat back and his hand loosely on the steering wheel (neither of which is really there), looks like he is inviting a woman to hop in! Meanwhile a woman, Lynn Ware, waves and drives on by. Try it out next time. Get creative with your pose. It’s fun!

It is an honor for our members and the Golden City Cruisers Car Club to be recognized by the City of Villa Rica as being considered a part of their family. We have a direct influence on the molding of the fabric for the culture of Villa Rica each time we hold an event. This is attributed to our professionalism and our organization. We should all be proud of this recognition.

In closing, we must continue to work hard to earn the trust of all who attend our events. The work we do is special and the charities we support count on us. We are quickly approaching our Super Cruise-In on October 19th. Danny has put out the word that we need gift cards, auction items, and cash donations to make this event one of our best. Please join me in supporting this request so the impact of our club’s work can bless the lives of all we support and those who attend. Our next Cruise-in is scheduled for August 17<sup>th</sup>. We hope each of you will be able to attend and participate.

*Jimmy Derrick*

### **Sponsorship Report**

We have only one sponsor due for August

**Quality Coating-----Rick Horne**

Late renewals:

6/31 My Financial Services -----Danny Davis

5/12 Duffey Realty -----Danny Davis

Inflation: Anyone feel the pain? I recently purchased a quart of 3M rubbing compound from O'Rileys, \$78.00. I last purchased this item in 2022, price \$38.00 and my cost reflected my military discount of 10%. "Ouch"! Oh, while on this subject of spending, I had some little treasures arrive to finish out the Mustang, majority made in the country of - - - -. You fill in the blanks. USA is only three letters.

Be careful to whom you sell your soul to just to make more money \$. Oft times it will bite you in the rear. (...more reason to use a 9 inch Ford rear. Ford Tough!)

*Don Edwards*

### **Secretarial Report**

Attached are the minutes of our July meeting. If you have any questions, please contact me.

*Kim Eckert*

### **Treasurer's Report**

Attached to this newsletter is the financial statement as of July 2024. If you have any questions, please let me know.

*Raylene Carroll*

### **Our Next Meeting**

Our August meeting will be held on Tuesday, August 6<sup>th</sup>, at the Olive Tree Restaurant in Villa Rica. If you plan on eating, please be there by 6pm. Our meeting will begin at 7pm.

### **August Birthdays & Anniversaries**

#### **Happy Birthday to:**

Raymond Baker

## ***Activity Committee Report***

**August 6, 2024**

The only July activity that was planned for our members was the Fairfield Plantation Independence Day Parade. As always, the parade was a lot of fun and the Golden City Cruisers Club was a pretty big portion of the parade. It also seemed to me that the day of the parade, July 6<sup>th</sup>, was the hottest day temperature wise ever recorded!

Well, not really, but it was very hot and a couple of the older cars got very hot and needed to be cooled down immediately. The older car engines and cooling systems were not designed for parades!

As usual, there was an informal gathering and car show at the club house. This year's crowd favorite car show winner was Paul & Sheryl Sanford in their gorgeous, museum delivered, black 2024 Corvette.

I know that some of you are probably thinking that after our club picnic, the Senior Center Meet and Greet, our visit with Donald and Carolyn Threadgill and the Fairfield Parade that we have done every fun thing there is! Well, cheer up because we have another exciting trip coming up August 24<sup>th</sup>. We will visit The Mustang Museum of America, located in Odenville, Alabama. I know some of our Ford Fans have really been looking forward to the trip. I will be sending more information about the trip as the date gets closer.

I have included the list of remaining activities for the year.

|                    |   |
|--------------------|---|
| August 17, 2024    | Cruise-in at The Mill                     |
| August 24, 2024    | Mustang Museum of America, Odenville, Al. |
| September 21, 2024 | Gold Rush Parade                          |
| September 21, 2024 | Cruise-in at The Mill                     |
| October 19, 2024   | Super Cruise at The Mill                  |

The Activity Committee continues to work on scheduling fun and interesting trips for the club. There are a couple of other visits being discussed but no decision has been made about them as of yet. We will keep everyone posted.

If you have other trips you would like to take, let Rick or me know and we will certainly check it out.

***Rick Horne / Billy Glover***

**Golden City Cruisers Car Club**  
**The Olive Tree Restaurant**  
**Villa Rica Georgia**  
**July 2, 2024**

**Danny Davis called meeting to order at 7:03pm.** The club recited The Pledge of Allegiance. Danny introduced and we welcomed guest speaker Jamie Witt with the railroad. Talked about Operation Lifesaver: Look, Listen & Live! They want to educate everyone about trains, the dangers and safety. It takes over a mile for the train to come to a stop. Most accidents and fatalities in Georgia are in the Rome and Dalton area. If you go around a gate or signs at a train track it is a \$500.00 fine. Also being on the tracks is trespassing now and you can go to jail. If trains can only block intersections for 10 minutes. To report issues, vehicles on track or other emergency call 1-800-555-5555 and refer to crossing number.

**Members Matters- Danny Davis**

Announced birthdays and anniversaries. Happy birthday to all! Happy Anniversary to our couples!

**Membership Applications**

Moved and Approved. We welcome our new member Robert Torrence

**Vice-President report - Jimmy Derrick**

Thank you to everyone who helped with the cruise-in. Request for cake donations and received. Thanks

**Secretary - Kimberly Eckert**

We will now have a sign in sheet at the back of the room. If you would please sign in at the meeting either before or after the meeting. The June meeting minutes motion was made and seconded for approval. Majority voted and approved.

**Treasurer's report - Raylene Carroll**

The June financial report motion was made and seconded for approval. Majority voted and approved.

**Sponsorship report - Don Edwards**

Cecil Harris Insurance was removed. Wing City in-kind sponsor was approved. Duffey Realty late but check was mailed and Scott Evans removed- Gene.

**Activity report - Billy Glover**

Visit with the Senior Center was a good trip. Visit with Donald and Carolyn Threadgill was a great time with great food. 50 attendees

July 6th Fairfield Plantation Independence Day Parade

July 13th Cruise-in at the Mill

July 27th fund raiser for a young man who was in a hit and run while in Florida. More details will be sent out.

**Unfinished Business - General Discussion**

Super Cruise is fast approaching with just 4 months away. We need donations for our Silent Auction table, gift cards min \$25 and door prizes. Most should be car related but we can also use restaurant gift cards or cash for the money tree (32 spots on tree)

**New Business- General Discussion**

Proud to announce the club’s mural of the 55 Chevy is complete. You can go see it and even take your photo in the car anytime at The Mill Amphitheater in Villa Rica.

**Adjourn**

Meeting was adjourned at 8:09pm

*Respectfully submitted,*

Kim Eckert

## ***The End of the Smokin Pig Cruise-in???***

*Foreword by Nick – I have hesitated to forward this string of Facebook postings as it isn't our fight. However, over 15 years ago, prior to the Mill being constructed (and prior to most of us using Facebook) the GCC Car Club was in a very similar situation. We were told to leave the Main Street downtown area of Villa Rica, after being invited to use that area. We were able to present our case at a Council meeting, and I don't think a word was heard, except by a few very important people that shaped our future. The vote was for us to leave downtown. The decision blindsided us and several Villa Rica officials. We were, in effect, "run out of town". After the council meeting several officials that saw the foolishness of the decision gathered around us in the parking lot and formed a plan. We relocated to the V-Plex on Hwy 61, with a promise of coming back to the downtown area when the Mill was built. The rest is history. Thank you, Jeff Reese, for your vision.*

*But now the Bowdon Cruise-in, one that is frequented by many of our members, is experiencing a similar situation. There is unrest with the city leaders and no one can put their finger on the real problem. But unless it can be settled quickly, there may not be a cruise-in at the Smokin' Pig. Following is a string of postings from their Facebook page explaining the situation they are in. The pictures are taken from their website. For further reading, assuming you are on Facebook, please click the title of the next paragraph. This is just a small sampling of the postings on this subject. And while the last posting would sound like this is resolved, the tiniest spark can reignite the debate, in Bowdon or even in Villa Rica.*

### **The Obstacle of a Bowdon Merchant**

Telisha Gibson

7/31/24 - First I would like to introduce myself as the owner of this page. I will not hide behind an emoji or fake name. My name is Telisha Gibson, who most of you know as a life long resident of the little town, 1994 graduate of BHS, 19 year law enforcement veteran and 12 year owner of Smokin Pig. As you all know I have huge heart and love for this town. I believe throughout the years I have gained a lot of respect from our community and they put a lot of trust in my thoughts, efforts, feelings and actions. I welcome you to this page to learn a little about some recent actions against me as a local business owner and person. I haven't come here to cause drama or disrespect people, I have came here for one purpose and that is for you as tax payers of the city and members of this community to see exactly what is going on and I ask that you stand with me at the next work session and council meeting to save our car cruise. Please scroll to the bottom of this page and read so far all the information I have posted. I will post details of what we have faced over the next several days and how you can help.

8/1/24 - This is an extremely long but informative post for those of you who are asking what in the world is going on...Here is a break down the best way I know how because I like you want to know what in the world is Really going on!

Over the past 7-8 years give or take a few Smokin Pig has hosted the Bowdon Car Cruise. Previously the car cruise was held in town at the Synovus/Wendy's area. Over the course of this time the car cruise has continued to grow and expand to the point I met with the late Gary Bullock, the City manager at the time and requested his permission to allow over flow parking in the green space also known as Watts Park located behind Smokin Pig. A little background on this park was it was graciously donated to the City many, many, years ago (way before Smokin Pig and the Car cruise time) by the Watts family with the request being that it one day be developed. Years go by and nothing has been done with the property so the family begins to question why after the gracious donation was their wishes not carried out. It was at this time planning stages began to develop the park which seems to consist of putting gravel walking trails, some benches at a later date and maybe some picnic tables and let's call it another City Park. They recently installed two beautiful signs at the entrance on McElroy Street and Mitchell Ave identifying the park. In case many of you don't know we have a park just like this up town (Barr Park) if it were in the budget to maintain could be a beautiful park as could Watts Park.

This car cruise is only held one time a month April-October. When I approached Mr Bullock about the growth of the event he graciously granted permission to utilize the green space as over flow parking for

the car cruise and spoke in favor of what the car cruise brought to down town Bowdon as a community. During these conversations Mr Bullock also agreed to allow us to have gravel poured (at our expense) in the back of the restaurant on the small strip up on the rise of our parking lot where our employees parked for the continued use of employee parking. Over the course of this time as cars began using the green space on the north end of the park near Smokin Pig not one time have we ever caused damage. If the

grounds were wet from recent rains we even went as far as taping it off with caution tape keeping everyone out of the park so no damage would be done. You could not even tell we had been there after each event except for the fact we always left it better than we found it. Through out these years we have voluntarily kept limbs picked up, trimmed low hanging limbs, rented lifts and trimmed dead limbs, cut the grass if it wasn't cut before car cruise and not even one time have we ever caused damage.

Thousands of people have enjoyed this park with the car cruise being held here at Smokin Pig which is what the goal of a park should be. We should all be in this together but apparently it does not seem to be

the case. Fast forward to what brought us here to the current issues. Early in the month of July Bowdon codes enforcement officer came to the Smokin Pig and said “they” sent me to tell you that you needed to get a permit to have the next car cruise...yes sir no problem I will get it before the next event. So July 26th, the day before the event to be held on the 27th we go to obtain the permit. They graciously take our \$50 and issue the permit and say by the way you are not allowed to be on the city property anymore for the cruise. Ok so then I

immediately go to the mayor and ask what the problem is and where did this come from out of the blue for no apparent legit reasons given. This had not been a problem in 8 years and now all the sudden it is??? Mr Saxon stated it was brought up by council in the meeting and they agreed they did not want us on the grass. Mr Saxon also mentioned the council’s intention of a fence being installed on the property line between us and the park but the fence would actually be where the gravel ends instead of on the line allowing us continued use of the parking area that is split by the property line right behind the restaurant at the edge. I expressed my disbelief and disappointment in the city council for wanting to attempt to cause the Bowdon Car Cruise to dissolve. Mr Saxon agreed to put it on the calendar for the next work session and city council meeting in August. I then went and retrieved copies of the previous council meetings and see Mr Bobby Elliot made mention of the fence but no mention was specifically made saying stay off the grass, although the purpose of a fence would clearly be to keep people out. Then I really began to question the situation in my head. Ok what required me to get a permit to hold an event on my own property??? So I call the city and ask if they can point me in the direction for my research of the code on why I had to obtain a permit anyway. I’m told it would be in the municode online under the City of Bowdon. No ma’am it’s not, I’ve already researched those codes...well ok it may be a policy. “Anytime you have an event on City Property you have to obtain a permit”. Ok we will go with that, although I’m not hosting the event in the city park I’m hosting it at Smokin Pig and cars are choosing to park on public property owned by the City because they can’t fit in my parking lot but if a permit is all it is then we will happily give another \$50 to the city each month to host the car cruise but here is the kicker...you send codes to tell me I need a permit, I come get a permit no questions asked, you issue me my permit, you graciously take my \$50 followed up with by the way you’re not allowed in the park....excuse me but you just said anytime an event is held on city property a permit is required and you issue me the permit but say stay off the property??!!? So what was I required to get the permit for then?? Make that make sense?? Then it seems after the council has seen how silly they are looking over not wanting us on the grass (they obviously haven’t taken pride in maintaining in the first place) they are shifting gears to oh it’s because of liability... well if it’s liability then identify the liability and let’s fix it, we will help! Don’t destroy something that is good for this community just because you can! Put up

signs like you have at the other park up town that says Bowdon City not liable for accidents if it will make you feel better but if we want to talk liability fix all the documented liabilities listed on this page in the other parks and across town don't try to keep people out of a successful park (Watts Park) that has had thousands of people enjoy it because of what the car cruise has brought to Bowdon all because of a liability excuse you can't even identify. This town is a challenging town for our small businesses already! We as a community and especially our city officials should be making every effort to bring people into this town not run them out, businesses included. It increases revenue to help what few small businesses we do have to survive and believe me every little bit counts. Not even to mention you get 150 + people brought to our town from all around, (many of which may have never come here) with their antique cars for an event one time a month April -October that go in shops down town and shop, they stop and gas up and maybe grab snacks at the local convenience store, they eat out at our restaurants (not just mine) and most importantly they invest in our children. The very people you are trying to dissolve away and make impossible to continue graciously gave their time and brought their cars to the Bowdon Elementary open house last week to be a part of the lives of our children..the ones who hold our future! Not only does this make an economic impact on revenue income for the small business owners the City gets their nice share in taxes. The people it brings to our community hopefully find small businesses and restaurants that will bring them back to our community even on days it's not the car show! Like I said That should be the goal of everyone...but quite obviously it's not, so what's the real problem and who is behind this! Make it make sense!!!

I ask you please take the time to read all the post on this page previously and any additional post made in the future, get involved in our City because if we do not then our city will always be what our city has always been and we will never thrive and be the city we want to be. Please stand with me next Tuesday at the city Council Workshop and the following Monday to get to the real truth behind this undue behavior and discrimination against a well-known, productive member of society and small business owner in this town. It's not right and we must take a stand! Events like this is one is very far and between now days where you can honestly say it is a family friendly event. One where the host doesn't feel alcohol is a staple to draw in crowds, exposing our young children to that, one where at times the gospel is shared with gospel music but all of which times vulgar offensive music or actions are not tolerated or welcomed, one where the fellowship is always friendly and people of all ages come out and enjoy the afternoon, dancing the night away and making memories of a lifetime with family and friends at an alcohol free community event free of charge...yet the city wants to destroy it..I ask you again make it make sense!

Hope to see you next Tuesday at City Hall for the Workshop followed by the City Council meeting the next Monday!

8/2/24 Good afternoon,

I want to say thank you so much to everyone who is supporting this obstacle. Thank you for joining the page and thank you for sharing to gather more followers. I want to make sure everyone understands 100% I am all for the development of Watts Park. I just feel that it is in the community's and car cruise members interest to take into consideration on the development to accommodate and consider the thousands of people who has been enjoying the park when it had nothing to offer but a beautiful shaded area to enjoy. Incorporate the plans in

such a manner that the 7 times a year the car cruise is held here maybe the families or wives and children could even enjoy the walking trails and picnic tables while still enjoying the car cruise and music being hosted at Smokin Pig. The purpose of this page has never been intended to bash the city or criticize any particular people. Our city works guys they work hard, they do an amazing job. They are over worked and understaffed, we all know people do not want to work now days, but we will help..we have helped in the past and we will help in

the future. My mission was to bring awareness to the community at what we had been dealt with, identifying so many more important areas through out the town that had more liability and concerns much more important that us being on someone's grass and issues that money should be spent on other than a fence on the property line of Smokin Pig that was discussed in July Council Meeting. It is listed in those minutes on this page. I feel I have accomplished my missions thus far by making the community aware and identifying all the issues stated on this page. The City Council Work Session is Tuesday Night. The work session is August 6th at 7:00PM in Room 132 at City Hall.

The council meeting is the following Monday August 12 at 7:00PM. I feel the presence of our community needs to start at the work session to get to the bottom of our issues at hand and efforts of coming together as one to accomplish the development of the park, continuing to make it thrive and incorporating the future of Bowdon Car Cruise in that process. Thank you all again, I have had so many messages, phone calls and emails from merchants, friends, family and just community support in general. Together I pray we can come to a plan that suits what is best for everyone in our town, the Bowdon Car Cruise members, all those who visit all while honoring the Watt's Family for such a gracious donation to our City by taking pride in the park and making it a beautiful destination for all who come to visit.

Have a blessed and safe weekend and hope everyone enjoys Founders Day

8/3/24 - I would like to thank the Mayor Randy Saxon and his support stating he didn't have a problem with the car cruise and honesty it had never generated any complaints and Interim City Manager Jan Gibbs for her time when I reached out to them both for the details on the matter at hand and providing me with direction of having it placed on the upcoming work session before the council next Tuesday at 7:00 at the City Hall then the following week

for City Council Meeting. Then I would also like to thank Councilman Wes McEntyre for taking the initiative to reach out to me and discuss the matter and his stand. I appreciate Wes stating he would be standing with the community on the issue at hand for the car cruise to continue utilizing the park. He further stated his stand against the fence and parking on the grass for the cruise which was both a positive stand. Wes was not in agreement of spending money for a fence and stated he had never voted agreed we should have to stay off the grass. Wes McEntyre is 1

of 4 City Council members. Last but certainly not least I would like thank Mr Jimmy Watts for his support in this matter. Mr Watts came up and met with me yesterday at the restaurant and we walked the park discussing the issues at hand and the area currently being used for employee parking where the property line was split along with the green space shaded area where the car cruise takes place in "Watts Park". Mr Watts and I have very similar visions although his go a little further than mine that one day after the walking trails are developed the car cruise could utilize the whole park pulling off and backing in off the paths of the walking trails creating a nice walking path for the community to walk through the park fellowshiping and looking at the cars, along with craft shows and other community related events. His visions took me back to the old Burwell arts and craft days with all the shade trees, trails and vendors. Mr Watts will not be able to make Tuesdays council meeting due to previous personal appointments in Atlanta late afternoon and with traffic will not be back in time. Although he did go to speak with the Mayor and City Manager to discuss our meeting and his wishes. I'm excited about what the potential holds for this park and our entire town if we all come together for the same goal ❤️ I look forward to our meeting Tuesday night at the Council to hopefully get to the bottom of the issue at hand with a positive resolution in consideration of the community and all who are involved. I am excited so many of you have expressed your presence and support would be made. See you all Tuesday Night 7:00 Bowdon City Hall Room 132!

Update: I have read a post from Councilman Marty Johnson on his Facebook page who is also stating he stands in favor of the community with the car cruise and Watts Park. I am thankful for his support as well.

*(Stay tuned for how this plays out in the Work Session and Council Meeting. Attend the meetings as someone who drives from out of town for this event. We wish them luck. Nick)*

# Our Club Platinum Sponsors

**Through the generous donations of our sponsors, the Golden City Cruisers Car Club is able to continue our support of area charities. Please use these Platinum Sponsors when you have a need!**

## ***Our Club Gold Sponsors***

***Through the generous donations of our sponsors, the Golden City Cruisers Car Club is able to continue our support of area charities. Please use these Gold Sponsors when you have a need!***

## ***2024 Cruise-in Setup and Take Down Schedule***

|                    |  |   |
|--------------------|--|---|
| August 17, 2024    | Bob Igarashi<br>Alex Eison<br>Paul Sanford | Dave Kopp<br>Donald Threadgill                |
| September 21, 2024 | Don Reed<br>Mike Russo<br>Walt Smith       | Joel Roberts<br>David Sisson                  |
| *October 19, 2024  | Brayden Eison<br>Ira Gamble<br>Jeff Glover | Bill Hearnburg<br>Daniel McGhee<br>Steve Moon |

You can also volunteer to help set up and take down at any cruise-in. The more help we have, the easier it is. All volunteers are appreciated. If you are unable to attend on your assigned day, please see if someone can cover for you or swap days with someone.

**Setup starts at 3:30pm.**

**\*Setup Starts at 8:00AM on October 19, 2024 for Super Cruise-In**

I'm looking forward to seeing everyone there.

Jimmy Derrick
