***President's Corner***

Let me start off by saying “thank you” to all our new members that have recently joined our car club! We hope you enjoy it as much as all of our members do. It appears that the membership applications we have passed out at our cruise-ins have done very well. And, speaking of cruise-ins, if our next cruise-in is as hot as the past few days have been, you may want to bring a portable air conditioner!

If you can attend our next meeting, you'll be glad you did! Our special guest will be Lt. Col. Mike Washington & his wife Margot. Mike retired from active Air Force in 2008, but only last month retired from a position as the Senior Aerospace Air Force Instructor working with the Carroll County Schools Junior ROTC program. Most of you have seen him in our Villa Rica parades herding the JROTC students and sending them down the parade route marching in even rows in step with each other. But there is much more to the program than that! And if his wife's name sounds familiar, it's because we mention it at every cruise-in! She is a hair stylist at Main Attraction in Carrollton, a Platinum Sponsor of our club. Come hear Mike as he explains the work that is done through the JROTC program.

I hope to see all of you at the meeting on July 11 at the Olive Tree. Dinner will be at 6:00, and our meeting will start around 7:00pm. Thanks to all of our members.

*Danny Davis*

***Vice President***

Hey Golden City Cruisers, I hope all is well, with everybody. What a cruise-in we had this month! It was a little warm, but I thought we had a great turn out. As always, I'd like to thank the set up and take down crew. Some of you are always there, and others come when your assignment date rolls around. But working together we have fun, it all gets done, and it isn't too hard for any one person. Thanks to Jimmy, and our new member and daughter Katelyn Derrick, for helping out with the cake walk, and thanks to all of you that provided the cakes! We had plenty!

We can't have our cruise-ins without the efforts of our members. I appreciate you all. Hopefully I'll see y'all at the next meeting or our next cruise in. Keep on cruising,

*Bryant Deal*

***Sponsorship Report***

Our renewals for July:

- Smith Bros. -----Nick Ware
- Lake Carroll Lawn-----Gene Duke
- Morgan Oil -----Gene
- Lewis Thomas Body Shop-Gene
- Cecil Harris Insurance ----- Gene

In Kind Sponsors:

Villa Rica Board of Tourism ----- Billy Glover

Wing City Cafe' ----- Danny Davis

Since I was verbally beaten up by the pro GM crowd at our last meeting, I will keep the good news concerning the Fairlane GTA and the Mustang locked in my gun safe.

I do have a question for all of you? Why are the auctions over run with the bow tie brand? hmm!

*(Oh Don...I can't believe you opened that can of worms! But I'll be nice. Editor)*

Thanks for your good work with our sponsors.

*Don Edwards*

### **Treasurer's Report**

Attached to this newsletter is the financial statement as of June 2023. If you have any questions, please let me know.

*Raylene Carroll*

### **Secretarial Report**

The minutes of the June 2023 meeting are attached to this newsletter. Please let me know if you have any questions.

*Jimmy Derrick*

### **July Birthdays & Anniversaries**

#### **Happy Birthday to:**

Daniel McGhee	7/9
Joel Roberts	7/18
Debbie Russo	7/25
Darrell Smith	7/5
Karen Smith	7/4
Steve Starnes	7/21
Carolyn Threadgill	7/25

#### **Happy Anniversary to:**

Bob & Judy Igarashi	7/7
Dale & Edie Phillips	7/21
Paul & Sheryl Sanford	7/12
David Sisson & Jo Huebner	7/19

### **Area Car Events:**

#### **Car Shows:**

July 9, Temple – Temple High School Athletic Boosters Car Show, 589 Sage Street, \$25 onsite registration. Proceeds benefit programs of the Athletic Department and students, 2pm – 6pm. Rain date July 23<sup>rd</sup>. See attached flyer.

July 15, Dallas – 2<sup>nd</sup> Annual Bronco Fest at Hardy Family Ford, 1255 Charles Hardy Pkwy, 9am-2pm. Info: kcoleman@hardyautomotive.com

July 22, Stone Mountain – Cool Cars in Stone Mountain Village at Train Depot/Visitor Center, 922 Main St., 11am – 3pm. Info: 704-732-6842 or [www.georgiacoolcruisers.org](http://www.georgiacoolcruisers.org)

July 27-29, Dalton – 15<sup>th</sup> Annual Georgia Mountain Moonshine Cruize-In and Swap Meet, at the Dalton Convention Center, 2211 Dug Gap Battle Rd. Info: 662-587-9572 or see website at [www.GMMCI.com](http://www.GMMCI.com)

July 29, McDonough – 20<sup>th</sup> Annual All Ford Show at Summit Racing Equipment, I-75, Exit 216, 10am–3pm. Info: 770-288-3200, or [www.fordowners.org](http://www.fordowners.org)

"Ragtops and Runningboards", or refer to websites like  
<http://southeastwheelsevents.com/> or check out the Facebook  
page "Georgia Cruise-Ins and Car Shows"*

### ***Our Next Meeting***

Our July meeting will be held  
on Tuesday, July 11<sup>th</sup>, at the  
Olive Tree Restaurant in Villa  
Rica. If you plan on eating,  
please be there by 6pm. Our meeting will begin at  
7pm.

### ***Activity Committee***

It's difficult to believe, but the first half of 2023 is behind us. For the first half of the year, we had some interesting and exciting activities with our most recent first half activity being the visit to the garage of John and Mary Thornton.

The visit with John and Mary was one of the best visits our club has had to any garage or facility. Their hospitality and generosity was outstanding, and I think everyone felt welcome and impressed with the visit.

We had 35 Golden City Cruisers and 2 A.A.C.A. members attend the visit with the Thorntons, the largest turnout to date for any event. Everyone was impressed with the garage and their collection of cars. We thank John and Mary for being such excellent hosts and allowing us to visit their garage.

The Fairfield Parade and Car Show was the first planned activity for the second half of the year, and as usual, it was a fun event. At last count, there were over 20 cars in the parade, but I don't know how many were from the Golden City Cruisers.

Lynn Ware won the Show competition in her red, white, and blue decorated '52 Chevy pickup! Congratulations to Lynn, and thanks to Dave Kopp for inviting the Club to participate in this Independence Day Celebration.

We still have another event scheduled for July, a trip to the garage of Bob Winiarczyk. We were originally scheduled to visit on May 27, but due to a scheduling conflict, the visit was re-scheduled for July 22<sup>nd</sup>. We will be in touch with Bob and keep everyone posted.

**Rick Horne / Billy Glover**

### ***Welcome New Members!***

We were pleased to welcome into the club at the last meeting four new members!

**Alex and Nancy Dombrowsky** have been in the club several years ago and we're glad to see them back. The Dombrowskys live in Fairfield where Alex was very instrumental in establishing a chapter of the American Legion. You'll see them in sporty Mopars, like their 2022 Durango SRT or their 2021 Jeep Willys Nacho. If you don't recognize these cars, it's because Alex tends to gravitate to the rarer Mopars that aren't seen on the streets every day. Nancy is our second Master Gardener in the club, so there is no excuse for those wilted looking flowers in your yard anymore. Just call a club member for help!

**Randy and Jannette Thompson** hail from Dallas, Georgia. They have a red '66 Chevelle, which makes them okay in Nick's book! We look forward to getting to know them better in the coming years!

Our third member to join is **Katelyn Derrick**, daughter of members Jimmy and Gina. Katelyn takes great delight in driving her silver 2017 Ford Mustang GT Premium, with the Coyote 5.0 pushing through a 6 speed automatic. It also has the muffler delete option! She's a real car gal with a passion for silver cars, even her dad's Camaro!

**Alex Eison** was our fourth new member to join last month, following his son Brayden who joined earlier in the year. Brayden and Alex are related to Danny Davis but decided to join anyway! Adam drives a 2017 Ford Shelby 350, grey in color with a 5.2 Voodoo flat plane engine, manual transmission, Procharger and other goodies. Now, if you don't

remember what a flat plane engine is, refer to the April 2021 issue of “Sparkplug” newsletter, found in the members area of our website. What? Now you need the password? GCC2020. Don’t forget it!

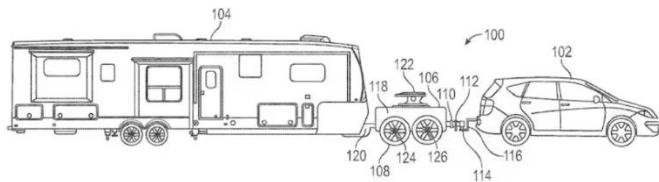

We welcome these four families! Our total membership is now 48 members! To all you new members, please be patient with us as we try to remember your name next time we meet!

## **Could GM's Electric Tow Dolly Help Smaller Vehicles Drag Bigger Loads?**

*Alex Kierstein*, Writer, [www.motortrend.com](http://www.motortrend.com)

Apr 14, 2023

Some of us [tow all the time](#)—contractors, landscapers, vehicle transporters. For those folks, get a vehicle with the equipment to handle moving (and stopping) all that mass ... pretty simple. For folks who only tow occasionally, the decision-making process gets a lot more complex. Maybe you're towing a camper, say, four or five times a year? But you've got to size and equip the vehicle properly to do that, even though it's not hauling a load the rest of the time. That means lots of underutilized miles, driving a heavier and less efficient vehicle than you need—or buying a separate commuter, but then one or the other is parked the majority of the time, too—inefficient in another way.

What if you didn't have to accept these compromises? Drive whatever you like, and when the time comes to tow that 4,000-pound camper, just hook it up to your compact SUV and go. If the towing assistance system dolly that GM patented recently ever comes to fruition, you could certainly do that. This powered smart device hooks up in between the trailer and load, and includes powered wheels. So not only could it move and stop a larger load than the tow vehicle could pull on its own, it could do all sorts of other neat things.

With the right sensor suite, this powered dolly could hook itself up to the tow vehicle automatically, or with a special controller handle inserted a person could move it around in a yard or storage area easily. It could provide auxiliary power to the trailer for off-grid camping or construction site equipment.

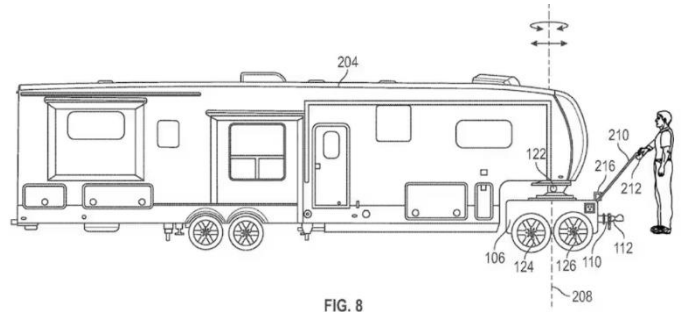

FIG. 8

The patent also envisions on-the-go charging from the lead vehicle to the powered dolly, something that is not yet common although with lots of buzz about other types of trailers potentially providing some propulsive assist, perhaps this will change.

This would surely be some sort of proprietary system—no extension cords.

The important takeaway here is that a dolly like this would let a vehicle that couldn't tow the load by itself do just that. ([Just like another tow dolly we recently covered](#) out of Canada.) And the dolly, loaded with sensors, would provide extra resistance (probably regenerative), load bearing, and sway control through its separate drivetrain. This all sounds rather expensive, but could owners recoup the upfront cost in the savings realized by driving a smaller vehicle the rest of the time? We hope GM develops this concept further so we can explore the possibilities ourselves.

# After Challenger Warranty Denial, Dodge Confirms PCM Reflash Leaves Permanent Mark Even If You Reverse The Mods

A [Dodge Challenger](#) SRT Hellcat Jailbreak customer claimed that the automaker denied a \$36,000 warranty claim for a blown motor over a muffler modification. Dodge just gave us its side of the story and it turns out that it has ramifications for all Hellcat owners. Tuning the PCM leaves a permanent mark.

Last week, the aforementioned Dodge owner, Brennon Vinet, went to Facebook to claim that he was denied warranty coverage over a “mid muffler” delete. His statement was actually far more damning. “If you get a mid muffler [sic] delete on a Dodge vehicle it voids the warranty end of story,” he said.

Vinet claimed he was denied a full printed report on the situation surrounding his car so we reached out to Dodge directly to get a better understanding of what had happened. At first, they told us that tampering with any emission control device could end up causing a denial of coverage depending on what the issue is.

We dug a little deeper asking Dodge to confirm what emission control device was tampered with in this instance. After all, there could be a case for denial if the muffler changes affected emissions. It flatly pointed to the fact that it believes Vinet tuned his Hellcat.

“The warranty claim was rejected after a Stellantis Calibration Engineer ran Powertrain Control Module (PCM) diagnostics and confirmed that the vehicle’s PCM was tampered with and contained non-factory software,” a Dodge spokesperson told us. “I haven’t seen anything on our end regarding mufflers (ie not the issue),” he added.

That had us wondering how exactly it confirmed that someone tuned the vehicle. The same spokesperson told us the following:

“[The] Dealer ran a number of diagnostic tests, including a scan report on the vehicle’s Powertrain Control Module (PCM). Scan report found PCM to have non-factory settings (unauthorized software installed). Stellantis Powertrain Service Center manager was asked by the dealer to review the case. Scan report was sent to Stellantis Powertrain Service Center for analysis. Data was checked and confirmed by Stellantis powertrain engineering to be non-factory software. Claim was rejected for PCM and emissions tampering.”

So that puts to bed any question about whether or not Vinet’s vehicle was tuned but what if he’d reflashed factory software back onto the PCM before bringing it to the dealer? Evidently, Dodge’s PCM will set an internal flag or code if it’s ever tampered with.

“If the PCM is tampered with, but returned to original, the PCM will retain a code indicating it was tampered with.” So the lesson is clear. If you have a Dodge product, tune at your own risk. As soon as one trips that flag it likely takes them out of the running for warranty repairs on damage that occurs as the result of tuning.

**Golden City Cruisers Car Club  
Olive Tree Restaurant  
Villa Rica, Georgia  
June 6, 2023**

Danny Davis called the meeting to order at 7:11PM. The club recited the Pledge of Allegiance.

**President's report – Danny Davis**

Danny introduced a guest speaker. Her name was Alisa Doyle. She is the Main Street Manager for Villa Rica, GA. She has worked with the City of Villa Rica for 9 years. She explained to the attending members what the Main Street Program was and the benefits to Villa Rica. Their purpose is the re-development of the city. They work with local businesses to increase economic development. The Georgia Main Street Program was founded in 2012 and is accredited. The City of Villa Rica has an advisory board where members are appointed and serve on an Advisory board. This group is needed to help local businesses deal with challenges such as e-commerce and the covid influence.

Danny also reviewed the parade decals we had made and their cost to club members, \$21.40 per set. He also mentioned he would like to bring in another speaker at our next club meeting. Lt. Colonel Mike Washington with the Junior ROTC (Airforce).

**Membership matters – Danny Davis**

Danny reviewed May birthdays and anniversaries of members with the membership.

**Membership applications:**

Randy Thompson	Nominated for Membership	Seconded	Approved
Alex & Nancy Dombrowsky	Nominated for Membership	Seconded	Approved
Katelyn Derrick	Nominated for Membership	Seconded	Approved
Alex Eison	Nominated for Membership	Seconded	Approved

**Vice-president's report – Bryant Deal**

Bryant shared with the membership that the Cruise-In in May was a success even though there was a potential for severe weather. He also asked for volunteers to bring cakes for the Cake walk for the June Cruise-In.

**Secretary's report – Jimmy Derrick**

The May meeting minutes was nominated and seconded for approval. Majority voted and approved with one exception. The \$143 overage collected from the membership to sponsor a golf hole at Mirror Lake golf course was deposited in the Charity Account, not the Hardship Fund.

**Treasurer's report – Raylene Carroll**

The May Financial Report was nominated and seconded for approval. Majority voted and approved.

**Sponsorship report – Don Edwards**

Don shared with the group the following upcoming renewals:

**Renewals Past Due:**

Young's Bar-be-cue	Platinum	4/6/2023
--------------------	----------	----------

**Renewals due in July:**

Lake Carroll Lawn Equipment	Gold Level	7/1/2023
Smith Brothers Supply	Gold Level	7/6/2023

Morgan Oil	Gold Level	7/14/2023
Lewis Thomas Body Shop	Gold Level	7/14/2023
Cecil Harris Insurance	Gold Level	7/14/2023
<b>Renewals upcoming in August:</b>		
Quality Coating Supply	Platinum	8/14/2023

**Activity report – Billy Glover**

Billy discussed the plans to visit John Thorntons Garage. For the members and guests caravanning on our garage visit, this is the plan. We will leave the Sunoco Convenience Store in the triangle, at the intersection of Highway 61 and Highway 166, at 8:30 am. We will travel East on Highway 166 for approximately ten miles to the Highway 5 round-a-bout. At the round-a-bout, take the third exit onto Highway 5. Travel approximately four miles and 27 Lane turns off to the right. Rick Horne will meet us at the end of 27 Lane. Prior to getting to the round-a-bout, we will go through a four way stop at Post Road. We may have some separation getting that many cars through the four-way stop so, the lead car will pull over at the Fair Play Middle School for a few minutes. This should give us time to regroup and then proceed. Apple maps shows it to be a fifteen mile; 22-minute trip. Billy also discussed the opportunity to host the three club picnic this year. It was discussed that the menu may include fried chicken versus hamburgers/hot dogs as before.

**Upcoming Activities Proposed:**

June 10 <sup>th</sup>	Tour John Thorntons Garage	9:00AM – 11:00AM
June 17 <sup>th</sup>	Cruise-In	5:00PM – 8:00PM
July 22 <sup>nd</sup>	Potential Date Pioneer Ford	

**Unfinished business – general discussion**

None to Report

**New business – general discussion**

Next club meeting moved from July 4<sup>th</sup> to July 11<sup>th</sup>.

Dave Kopp shared Fairfield Plantation is having a parade and small car show on July 1<sup>st</sup>. Meet before 10:30AM.

American Legion having a car show from 9:00AM – 3:00PM. \$25.00 Fee.

**Adjourn**

The meeting was adjourned at 8:21PM.

Respectfully submitted,

Jimmy Derrick  
Secretary, Golden City Cruisers
